

Data Sheet

Fishing Salute SC80, SC82, SC84

Function

The fishing salute is a water proof pyrotechnic device, activated by igniting the igniter cord. The fishing salute, once the igniter cord is ignited, will sink delaying activation to the prescribed time (5 -7 sec for the SC-80, 14 seconds for the SC-82 or 30 seconds for the SC-84), the effect upon activation is a short flash of light and a loud report. These two characteristics (flash and report) act as a scare device for wildlife residing at all levels within the water.

Operational Advantages

- Functions underwater
- Robust design for rough handling in packaging
